

Cookies are small pieces of information sent to your computer or browsing device when you access a website. These files are not computer programmes and cannot be used to cause damage to your computer. Some areas of the site may not function correctly without the use of cookies. We will not use cookies to store personal information on your hard drive or to send personal information to 3rd parties.

By accessing our website, you agree that we can place cookies on your device. We use these to gather data about visits and the pages that are viewed and we use this to improve the design and layout of our site. You can disable cookies completely by changing your browser settings. If you do this, some of the website you visit will not be accessible or may not function properly.
